Before starting on any treatment at Lynwood Dental and Implant Centre, we will explain and discuss the range of options open to you, and help you decide which is best suited to you, your budget and your lifestyle.

We don't want finance to be a barrier to your dental treatment and we offer a wide range of finance packages tailored to your individual needs to help spread the costs of your dental treatment.

All initial cosmetic consultations are FREE of charge. This is an opportunity for you to meet Dr. Simpson & Dr. Grundy and discuss your needs and concerns. This does not include a clinical examination and X-rays which will be required before undertaking any active treatment.

We accept all major credit and debit cards, cheques and cash.

For complex or lengthy treatments, payments by instalments can be arranged, and is preferred.

Interest-free and low interest finance

We are pleased to offer interest-free and low interest finance from Finance 4 Patients.

This provides a simple and affordable way for patients spread the cost of treatments over several months.
